

TANVIN SADIK DHRUBO

CSE Graduate | Software & Web Technology Enthusiast

Khulna, Bangladesh | 01724115279 | dhrubotd@gmail.com | github.com/git-dhrubo0908

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate (CGPA 3.55/4.00) with hands-on experience in full-stack web development, programming, databases, AI-related projects, and UI/UX design. Skilled in building responsive, user-focused applications and applying practical AI/NLP concepts. Adaptable, detail-oriented, and eager to contribute technical and problem-solving skills to a professional development team.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, JavaScript, PHP

Web Development: HTML, CSS, JavaScript, React, Next.js, Node.js, Express

Databases: MySQL, XAMPP

Development Tools: Git, GitHub, VS Code

Design & UI/UX: Figma, Adobe Photoshop, Canva

AI & Technology: AI-Assisted Development, AI Project Development, Image Processing Concepts

Core CS Concepts: Object-Oriented Programming, Data Structures, Database Management, Operating Systems

EDUCATION

B.Sc. in Computer Science & Engineering — Northern University of Business & Technology Khulna (NUBTK)

CGPA: 3.55 / 4.00

Higher Secondary Certificate (HSC) — Adamjee Cantonment College

GPA: 5.00 / 5.00 | 2020

Secondary School Certificate (SSC) — Cantonment Public School & College, Jahanabad, Khulna

GPA: 5.00 / 5.00 | 2018

PROJECTS

Technologia — E-Commerce Web Application

- Developed a responsive e-commerce web application with a modern, product-focused user interface.
- Built interactive front-end functionality to improve browsing and shopping experience.

Lost & Found Portal

- Designed a web-based platform enabling users to report and search for lost or recovered items.
- Planned MySQL/XAMPP database integration with a focus on practical usability.

AI Grammar Corrector

- Built an AI-based grammar correction tool for English text using Python.
- Explored Python-based AI/NLP techniques and designed a user-friendly interface.

AI-Based Academic & Technology Projects

- Explored applied AI concepts across learning assistance, healthcare, expense analysis, resume analysis, and customer support use cases.

ACADEMIC & TECHNICAL KNOWLEDGE

Object-Oriented Programming, Data Structures & Algorithms, Database Management Systems, Operating Systems, Computer Networks, Microprocessors, Artificial Intelligence, Compiler Design, Numerical Methods, Linear Programming & Optimization

CORE STRENGTHS

Problem Solving & Analytical Thinking, Communication & Presentation, Team Collaboration, Quick Learning & Adaptability, Creative Technology Solutions

LANGUAGES

Bangla: Native | English: Professional Working Proficiency
